PROJECTS

The Lagoon – Lead Compositing Contributor

- Served as a lead compositing contributor on a 13-minute short film, delivering high-quality cleanup and deflicker work in Nuke and developing a repeatable split-head effect used across 9 shots in an ACES workflow.
- Built tools and automation to streamline shot work, maintain visual consistency, and support iteration through regular dailies, notes, and Flow (ShotGrid) versioning.

Motopia – Project Lead & CG Compositor

- Reorganized a class CG compositing project from three separate groups into one unified production, coordinating team structure, shot progress, and final delivery across the project.
- Developed and implemented an ACES-based CG-to-comp workflow while contributing compositing, Maya animation, editorial, voiceover, sound, color, and final finishing.

Virtual Production LED Wall Shoot – VFX Supervisor / Compositor

- Served as VFX Supervisor for a virtual production LED wall project, guiding Unreal-to-volume setup, on-set technical decisions, and planning for downstream compositing.
- Developed the greenscreen integration workflow for the final shot, including clean plate capture, camera/lens alignment, and foreground reconstruction for stronger final integration.

Project Projection: Into the Artist's Eye (Jarvis Challenge) – Interactive Immersive Installation

- Built and presented one of four grant-funded Jarvis Challenge projects: a two-projector table-and-wall experience where visitor interaction transformed student artwork into real-time visuals.
- Developed TouchDesigner systems for state-driven interactions, projected visuals, input routing, tracking/head-parallax prototypes, lighting cues, documentation, and showcase workflow.

EXPERIENCE

DePaul University – Chicago, IL

Compositing Teaching Assistant

January 2026 – Present

- Provide weekly technical support for ~25 Compositing I students in Nuke, troubleshooting keying, roto/paint, tracking, alpha/premultiplication logic, edge refinement, and general node-based workflow issues.
- Help students build stronger compositing workflows for final projects while reducing instructor support needs during class.

Jarvis Center Student Employee

September 2025 – March 2026

- Assisted with setup, troubleshooting, and circulation of shared creative technology, including VR headsets, cameras, 3D printers, and other high-end equipment.
- Helped run a creative technology center by assisting visitors, covering the front desk, and setting up the space for events.

Loop Life Office Assistant (Office of Student Involvement)

January 2024 – March 2026

- Served as a front-facing resource for students, visitors, and event attendees by answering questions, directing people to campus resources, supporting student events, and creating a poster-mapping system that streamlined campus marketing.

Three Paths Media – Remote

Video Editor & Producer

September 2021 – January 2023

- Produced and edited cross-platform content for creator channels with a 95K+ combined audience and 31M+ cumulative views across YouTube, TikTok, X/Twitter, and Twitch.
- Created sponsored content for brands including NordVPN; produced videos generating 5M+ views in the first few months.

EDUCATION

DePaul University – Chicago, IL

March 2026

BFA in Film & Television – Visual Effects Concentration

Minors: Computer Science and Animation

TECHNICAL SKILLS

Compositing / VFX: Nuke, Fusion, Photoshop, After Effects, Neat Video

3D / Real-Time: Maya, Cinema 4D, Unreal Engine, TouchDesigner, Substance 3D Painter, Arnold, Redshift

Pipeline / Production: Python, Linux, Perforce, Flow (ShotGrid), ACES, Nuke CopyCat, OpenAI Codex

LEADERSHIP

Secretary, DePaul ACM SIGGRAPH Student Chapter

- Coordinated event outreach, member communications, and chapter documentation as Secretary for DePaul ACM SIGGRAPH, supporting student engagement and chapter operations.

Founder & Team Captain, DePaul Halo Organization & Team

- Founded DePaul Halo, led scheduling and operations for varsity and junior varsity teams, and secured university funding to coordinate cross-country tournament travel and competition logistics.
